The importation (except for slaughter) of any livestock into New York requires an approved Certificate of Veterinary Inspection (CVI) completed by a category 2 accredited veterinarian. A CVI must include:

- The name and address of both the origin (consignor) and destination (consignee) of each animal, date of issue, and dates and results of any qualifying tests
- A statement that the animals have been inspected by an accredited veterinarian and that the animals show no signs of disease (except where noted)
- Each animal must be identified by a unique ear tag, registration or premises tattoo or microchip; all man-made identification must be recorded
- A copy of the completed certificate of veterinary inspection must be forwarded to the department of agriculture of the state of origin prior to shipment.

TESTING REQUIREMENTS

- All bovidae over 6 months of age must be test negative to Anaplasmosis within 30 days prior to shipment
- No testing is required for SWINE, SHEEP, GOATS, LLAMAS, ALPACAS, GUANACOS, AND VICUNAS originating from the states listed above.
