**TO:** Retailers of Milk  
**DATE:** October 21, 2005  
**SUBJECT:** Announcement of threshold price relative to milk price gouging law,  
**effective NOVEMBER 2005.**

For **NOVEMBER 2005**, threshold prices for milk, lowfat milk, or skim milk offered for retail sale in the state are:

	<u>Gallon</u>	<u>Half Gallon</u>	<u>Quart</u>
Metro Region: (NYC and Counties of Nassau, Suffolk, Rockland, Westchester, Orange, Putnam and Dutchess)	\$3.30	\$1.70	\$0.89
Upstate Region: (Remaining Counties)	\$3.09	\$1.59	\$0.83

A retailer who sells above the threshold price may be in violation of the law unless such selling price is justified as not being unconscionably excessive. Such justification includes net invoice price paid for the milk item plus actual costs incurred in handling and selling that milk item.

Compared to the previous threshold, prices increased \$0.05 a gallon, \$0.02 a half gallon and \$0.02 a quart in Metro NY and \$0.05 a gallon, \$0.02 a half gallon and \$0.01 a quart in Upstate NY. The increase reflects the underlying change in the Federal Order Class I price (3.5% butterfat) which increased \$0.29 per hundredweight (\$0.025/gallon) from last month. The threshold price is calculated by multiplying by two the total of two components, the minimum federal order price and the premium paid for Class I milk.
