

PREFACE
THIS PROGRAM IS FOR GIFT PACKED APPLES ONLY.
BULK SHIPMENTS DO NOT QUALIFY FOR THIS EXEMPTION.

In order to participate in the shipment of apple gift packs to California and Arizona, it is necessary to comply with the following "CA" or Cold Storage requirements.

Apples Exposed to Controlled Atmosphere (CA) Storage Admissible Under Certificate.

Apples which are exposed to controlled atmosphere (CA) storage for a continuous period of ninety (90) days, during which period the temperature within the storage room is maintained at thirty-eight degrees (38°) Fahrenheit (3.3°C) or less, may be admitted into California and Arizona provided said storage room or building is approved by the proper authorities in the state of origin as a controlled atmosphere facility and further provided each lot or shipment of such apples to California is accompanied by a certificate evidencing compliance with the minimum requirements of this paragraph.

Shipments from Cold Storage at 32°F (0° Centigrade). *Commodities covered which are held in cold storage for a continuous period for forty (40) days or more, during which period the temperature within the storage room is maintained at thirty-two degrees Fahrenheit (32°F) (0°C) or less, may be admitted into California and Arizona provided each lot or shipment is accompanied by a certificate evidencing compliance with the minimum requirements of this paragraph.*

An automated recording device will be required to ensure the criteria stated above is met.

If you meet the criteria, you may participate in the Gift Pack Program. If you are unable to meet the state criteria, each gift pack will be required to be accompanied by a phytosanitary certificate. A phytosanitary inspection can be obtained by calling 1-800-554-4501, extension 72087. A minimum fee of \$25/hour will be charged.
