

Tier 4 BMP System Implementation Documentation Form

Submit one form for each farm, identifying the BMP system(s) and component practice(s) that payment for time spent on design, installation, and/or check out is being requested.

County:

Date:

AEM Farm ID #:

Type of Farm:

CAFO: Y N

Planning Unit Priority:

12 Digit HUC:

- List the appropriate **BMP systems** from the **NYS Agricultural Management Practices Catalogue** that technical assistance was provided on and indicate if the assistance was for design, installation, and/or check out. **BMP systems** are listed in Table I of Section 7 of the AEM Base Program Year 6 Contract Policies & Participation Documents Manual.
- **NRCS Component Practices** for each **BMP system** are listed on Table V of Section 7 of the AEM Base Program Year 6 Contract Policies & Participation Documents Manual.
- Complete one table for each component NRCS conservation practice. Use Continuation Form if needed.
- Please identify if a practice was cost-shared and what program or entity provided the funds.
- By completing and submitting this form the District is signifying that all BMPs submitted for payment have been designed and/or installed to NRCS Standards & Specifications and that a person with appropriate Job Approval Authority, or a PE licensed in NY State, has signed off on the practice design and/or close out. The district is further signifying that appropriate documentation of such exists and is available for review.

Total Tier 4 BMP Technical Assistance for this farm	
BMP System(s)	

BMP System:

Component Practice (NRCS Practice)	NRCS code	Unit	# Units	Tasks completed:	
				Design	
				Install	
				Check out	

Approval authority provided by:

Was the practice installed? Yes No

Was the practice cost-shared? Yes No Program:
