Additional Information for Inspection:

---

**Number of Animals:**

Number of Dogs/Cats at premise: 12 puppies

**REMARKS:**

The result of a Feline Leukemia test was noted as "group negative". It was discussed that the Veterinary Plan should include a note that FelineLeukemia testing is done in batches as this is not normal practice. It was also not clear as to who draws samples and performs the test. The Veterinary Plan should also include more details on the care of cats under the section "in case of sickness".
