Additional Information for Inspection:

---

**Number of Animals:**

Number of Dogs/Cats at premise: 16

REMARKS:

Records are difficult to locate and unorganized during inspections. Please have all required records available for inspection at any given time. Please be sure to have all dogs in size appropriate cages immediately upon arrival. Make sure all dogs 16 weeks of age are current on Rabies vaccination and you have valid rabies certificates available for inspection. Please be sure to license all dogs 16 weeks and older as soon as possible after arrival to your premise. I recommend when you find the written vet and exercise plan it be put in a plastic sleeve and posted on the wall for future inspections. Make sure all CVI's are valid and properly completed before accepting any dogs. I will expect all records to be organized and ready for my next inspection in order to complete my inspection in a timely manner.
