Additional Information for Inspection:

Number of Animals:

Number of Dogs/Cats at premise: 68 puppies

REMARKS:

When I walked into the store there was a slight odor. I had the employee check the ventilation system and noticed all the zones were not on. The asst. manager switched the control to constant fans and this allowed all ventilation fans to run. I told her with the large volume of dogs they should run constantly to circulate the air. The dogs all outwardly seemed healthy. The facility and cages were being cleaned when I arrived.
