Additional Information for Inspection:

Number of Animals:

Number of Dogs/Cats at premise: 40 pups & 4 kittens

REMARKS:

The one female German shepherd mentioned in the complaint does appear on the thin side. After speaking with the staff, she is being fed can and dry food 4 times a day. She is alert and playful on appearance. We recommended to increase her food amount and to have the veterinarian examine her by tomorrow. All the kittens appeared healthy. Most of the puppies had pine shaving on their nose which makes them appear dry and crusted.
